Many thanks to everyone for this great experience!

LEBK becomes an eTwinning School 2020-2022!

Erasmus+

LEBK becomes an eTwinning School!

- The "eTwinning School" award is granted by the central eTwinning coordination office in Brussels.
- It recognizes institutions that fundamentally incorporate eTwinning into their school concept.
- For example, these schools take comprehensive measures to ensure internet safety, have established cooperative learning methods, use innovative pedagogical approaches and promote the continuous further training of teachers.
- The eTwinning schools thus act as role models for other schools.

Exchange with high distinction despite corona thanks to eTwinning!

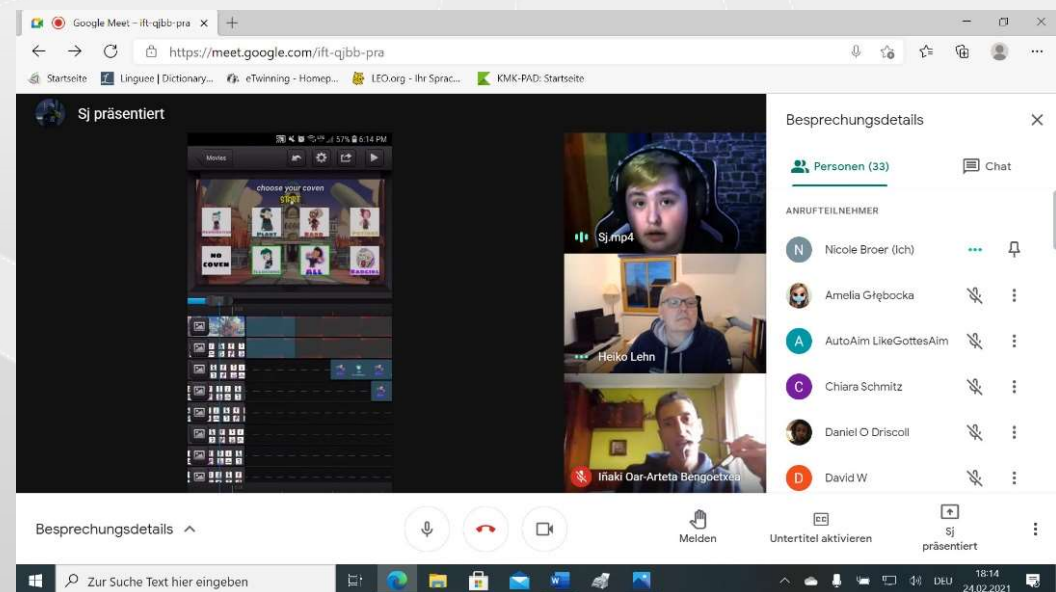

- Despite coronavirus, an international exchange took place in the **2020/2021 school year**.
- Even if only digitally, the higher business students exchanged successful business ideas with their peers from Turkey, Portugal, Croatia and France.
- The project was awarded both the national and European seal of quality.

LEBK becomes an Erasmus School!

- The LEBK was successfully accredited as an Erasmus school in **March 2021**.
- This lays the foundation for long-term international development **until 2027**.
- Erasmus accreditation is the key to promoting mobility and the internationalization of vocational education and training and its institutions in an uncomplicated and long-term manner.
